

# One-Stop Perimeter Security Solutions

Atkore has developed a complete perimeter security solution to provide a customized level of protection with the ease of a turn-key system.

From Allied Tube & Conduit framework to Razor Ribbon® barbed tape to expanded metal panels and everything in between, Atkore offers a full product inventory, flexibility, and the expertise to help execute your project with confidence. Easily installed new or as a retrofit over current chain link fencing, our solution is here to help protect your valuable assets.
